1. DATES

Proposal:

- Monday 6th November travel to Galway
- Tuesday 7th November meeting in Galway
- Wednesday 8th November cultural activity
- Thursday 9th November travel to airport

You will need 2.5 hours to travel to/from the airport.

Please allow for 2 hours before your flight for check-in & security.

Please note:

The cultural activity is a trip to an interesting geographical location so it may be a challenge to be return to Galway in time for travel to the airport on the 8th. Therefore, if you are choosing to travel on the 8th you may not be able to participate in the cultural activity.

2. AIRPORTS & TRANSPORT

We recommend arriving into Dublin airport. There are very regular public transport options direct to Dublin.

Alternatives are Shannon and Knock Airport – these have very limited public transport options to Galway.

How to Visit the University of Galway –

There are two Bus options from Dublin Airport to Galway – please book your tickets in advance online. You can book return tickets.

https://www.citylink.ie/

How to find the Bus -

On their websites they have maps to show where in the airport to find the bus stop.

The main bus collection point is outside of Terminal One in Dublin airport. If you arrive at Terminal Two it is a short 8-minute maximum walk downstairs to the front outside of Terminal One and the Bus collection point.

3. HOTELS & LOCATIONS

The University is located in the city centre.

Hotel Flannerys
Hotel The Connacht

- these are located further outside the city centre and would require a taxi

Park House Hotel
Haridman Hotel
House Hotel
Harbour Hotel
Jurys Inn Galway
Victoria Hotel

- these are located in the city centre and are walkable

Closer to the event in November we will arrange for a student volunteer to meet with you in your lobby to accompany you to the University.

Proposal for Event

Presentations from each partnership:

1. University of Galway
2. University of Verona and Glocal Factory
3. Universidade de Santiago de Compostela and ACCEM

Template PP Slide will be provided. 6-7 slides each that will support the project tasks:

Description of activities:

1. Design of the S-L(M) projects. The teachers with their students and with the help of the Erasmus + project team will design an S-L(M) project. It is a collaborative design (young people, teachers and entities) to address the needs identified in each social reality.

2. Celebration of a Partnership Day for the presentation and analysis of the designed projects, with the assistance of two external experts. This conference will be held in person at the UGalway and also online so that it can reach a greater number of interested people and institutions.

According to the Document: Informative Dossier

Informative dossier.pdf

"We will hold a Partnership Day among all participants for the presentation and analysis of the S-L(M) projects designed, with the assistance of two experts from outside the project. One student and one teacher from each of the S-L(M) projects will meet to present their project and submit it to an evaluation of the design to the experts (one from the host University of Galway and another from USC) and to the members of each University/Entity team. A report with the evaluation of the projects and a video presentation of each one of them will be derived from this day."
